Who we are

TCS Capital Partners is a private equity and venture company focused on identifying, designing and building value proposals to articulate the investment and trade business needs between Chilean and the Asia Pacific markets.

We are a professional investment management team with a in-depth experience in business management and Investments. We have created a wide contact network to develop private equity projects and to strengthen a trade platform of products.

[Learn more](#)

What we do

The defining purpose of TCS Capital is helping to develop new, or expands existing international trade and investment opportunities for a select group of companies that look to it for assistance, action and results.

We specialize in linking Latin America's projects and producers to Asia Pacific markets in compliance with International trade and investment regulations. Our goal is to develop businesses, save your time and increase your gross profit margin by sourcing products and investments for/from these markets.

[Learn more](#)

Investment and Trade areas

We invest in Chilean companies projects at different development stages. TCS Capital's investment covers various industries, including alternative and renewable energy projects, and new and underexploited mining prospecting projects.

TCS Capital also trades premium quality agricultural and seafood products from Latam to Asia Pacific Markets. Our commitment is to ensure product quality, delivery continuity and tailor-made products extracted from non-polluted and natural environments.
